Petru Gheorghe Vasile Vultur

Date of birth: 02/02/2004 | **Place of birth:** Baia Mare, Romania | **Nationality:** Romanian |

Gender: Male | **Phone number:** (+40) 0747961449 (Mobile) | **Email address:** vulturpetru0@gmail.com | **GitHub:** https://github.com/VulturPetru2 |

Address: 400607, Cluj-Napoca, Romania (Home)

ABOUT ME

Third-year student at the Faculty of Electronic Engineering looking for an internship opportunity to improve my technical skills. I am motivated, willing to learn from professionals, and ready to contribute to team projects.

EDUCATION AND TRAINING

09/2019 – 06/2023 Seini, Romania

ECONOMIC TECHNICIAN Liceul Tehnologic Agricol "Alexiu Berinde" Seini

Absolvent profil Economic: șef de promoție
Media examenului de Bacalaureat: 9.68
Activități, concursuri și realizări:

- Participare la Olimpiada Națională – aria curriculara „Tehnologii" (Economie), 2022 – Mențiune
- Manager-șef în cadrul unei firme de exercițiu (simularea procesului antreprenorial):
  - Coordonarea echipei
  - Gestionarea activităților administrative
  - Participare la concursuri educaționale

Field of study Services

2023 – CURRENT

STUDENT Technical University of Cluj-Napoca

Facultatea de Inginerie Electronică, Telecomunicații și Tehnologia Informației, specializare Electronică Aplicată

Field of study Applied Electronics

PROJECTS

Score Monitoring System (FPGA)

Objective:
Designing a score counting system using VHDL on the Basys 3 FPGA board.
Implementation:

- Programming score increment and decrement functions using the switches on the board.
- Controlling the seven-segment display using multiplexing to show the score in real time.

Skills gained:

- Basic knowledge of VHDL programming.
- Digital signal handling.
- Seven-segment display control.

Temperature Monitoring System (OrCAD & PSpice)

Objective:
Designing a circuit to measure temperature in the range of -20°C to +60°C (4 intervals).
Implementation:

- Using an NTC thermistor, an operational amplifier stage in voltage follower configuration, and a comparator network to divide the voltage range into four switching thresholds.
- Visual indication of temperature intervals using LEDs.
- PSpice simulations: Bias Point (OP), DC Sweep, Parametric Sweep, Monte Carlo, and Worst Case analysis.

Skills gained:

- Designing electrical schematics and simulating analog circuits in OrCAD.
- Component sizing and statistical tolerance analysis.
- Interpreting circuit performance.

LTspice & Scopy-based Signal Acquisition and Conditioning System

Objective:
Designing a signal processing chain for low-amplitude signals.
Implementation:

- Circuit structured in four stages: instrumentation amplifier, active low-pass filter, programmable gain amplifier (PGA), and precision full-wave rectifier.
- Software implementation: signal integrity testing using Transient and AC Sweep analyses in LTspice.
- Hardware implementation: building the circuit on a breadboard and validating performance using virtual measurement tools in Scopy.

Skills gained:

- Analog circuit design.
- Signal analysis in time and frequency domains.
- Hardware implementation and use of Scopy measurement tools.

COMPETENȚE TEHNICE

Hardware Skills

- Using laboratory equipment: oscilloscope, multimeter, signal generator, power supplies.
- Breadboard prototyping.

Software Skills

- VHDL: beginner level.
- OrCAD & LTspice: electronic circuit design, analysis, and simulation.
- MATLAB: mathematical modeling, data analysis, and simulation.
- Scopy & WaveForms: signal simulation, acquisition, and interpretation.
- Microsoft Office: Word, PowerPoint, Excel.

General Skills

- Working in multidisciplinary teams.
- Efficient time and resource management.
- Interpersonal communication.

WORK EXPERIENCE

GROCERY STORE WORKER – VAVIR ZETEA – 06/2022 – 12/2022 – SEINI, ROMANIA

Responsibilities:

- Managing goods: receiving, inventory, and recording in the system.
- Quality control: monitoring compliance with hygiene and food safety standards.
- Customer relations: providing information and technical or commercial assistance.

Skills gained:

- Organized and accurate stock management.
- Attention to detail and compliance.
- Communication and customer support skills.

WAITER – MIRAGE RESOR – 05/2023 – Current – VISEU DE SUS, ROMANIA

Responsibilities:

- Serving customers in the restaurant and at private events.
- Managing orders and payments.
- Organizing tables for events.

Skills gained:
- Working in large teams.
- Handling stress and high workload efficiently.

ERASMUS+

03/2022 – 09/2022

France, Bar-le-Duc

Program Activities:
- Participated in activities on sustainable agriculture and local product valorization.
- Study visits to farms, orchards, and organic operations.
- Developed intercultural and language skills.
- Collaborated in international teams.

HOBBIES AND INTERESTS

Fitness, Cooking, Reading, Outdoor Hiking

LANGUAGE SKILLS

Mother tongue(s): **ROMANIAN**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B1	B2	B1	B1	B1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

DRIVING LICENCE

Driving Licence: B
